This Permit is issued by the Valley Fire Department for the City of Valley and Valley Fire Protection District #5 in accordance with Nebraska Revised Statute 81-520.01. It must bear the authorizing signature of the Valley Fire Chief or of his/her Assistant Chief or designee.		
-	epartment and the City of Valley and Valley Fire Protection District #5 esulting from the burning under this Permit.	assume no liability in the event of injury or
 Rules Governing Burning The fire must be attended at all times, with sufficient means at hand to control the burning, until the fire has completely burned out. Burned brush, logs and other solid materials must be covered with earth or thoroughly saturated with water before the attendant leaves the site. An area sufficient to prevent communication of fire beyond the burning site must be cleared before burning. There will be no burning when wind conditions exceed 15 miles per hour or any conditions which may exist to cause a hazardous situation. The following agency must be notified of the location of the burning and the Permit number—both before and after the burning has been completed each day: Douglas County Communications Center 402-444-5706 (non-emergency number). On-site inspection may be conducted at any time by an authorized Officer or Firefighter of the Valley Fire Department. Failure to follow rules governing the burning may lead to revocation of this Permit. When a local ban on burning is put into effect by the Valley Fire Department, this Permit will automatically be VOIDED until such ban is removed. Burning will be allowed during the hours of sunrise through sunset only. Any fire which is allowed to get out of control and results in the summoning of the Fire Department can be subject to possible legal action. This Permit is expressly limited to the burning of the materials specifically described above at the address indicated. This Permit shall be void with respect to any materials which are prohibited by Federal, State or local statute or regulation to be burned or which will result in contamination or environmental pollution to the ground, water or air. Additional Permits may be required from the Nebraska Department of Environmental Control or from the United States Environmental Protection Agency.
